

# Chemi Tech Construction Pvt Ltd.

Delhi , Noida , Indore , Hyderabad , Lucknow , Jaipur , Jodhpur , Patiala , Coimbatore

# About Chemitech

**Established in the year 2006, Chemitech Constructions Pvt Ltd focused on to provide effective high-quality products. We have evolved Wholesale Trader of Solar Power Plant, EV Charging Station, Solar Panel, DC Fast Charger, FRP Walkways, Solar DC Cable, Solar Balance Of System Kit and We are providing EV Fleet Transportation Service, Solar Projects to our clients.**

# Meet Our Team

**Akarsh Gupta**  
Director

**Nand Kishore Gupta**  
Chairman & Managing Director

**Divyam Gupta**  
Director

# Vision And Mission

## Vision

- We believe we can make a difference to this world, to this very earth on which we live. We have been destroying the forests for whatever reasons for many years. Forests that work much like our lungs, purifying the air and healing us.
- This beautiful earth needs to be treated with more respect.

## Mission

- We want to make a difference in your lives by providing economical solutions for energy conservation and utilization of naturally occurring resources in a cost effective way so as to preserve the delicate balance in our surroundings. The climate challenge is a clear indication that something is wrong. We must cut across national boundaries and work jointly to protect and preserve our natural resources. Go for Solar Zone and ensure a cleaner world to live.

**Fox ESS** is a global leader in the development of solar **inverter** and energy storage solutions, engineered by some of the leading **inverter** and battery experts.

# ACDB & DCDB

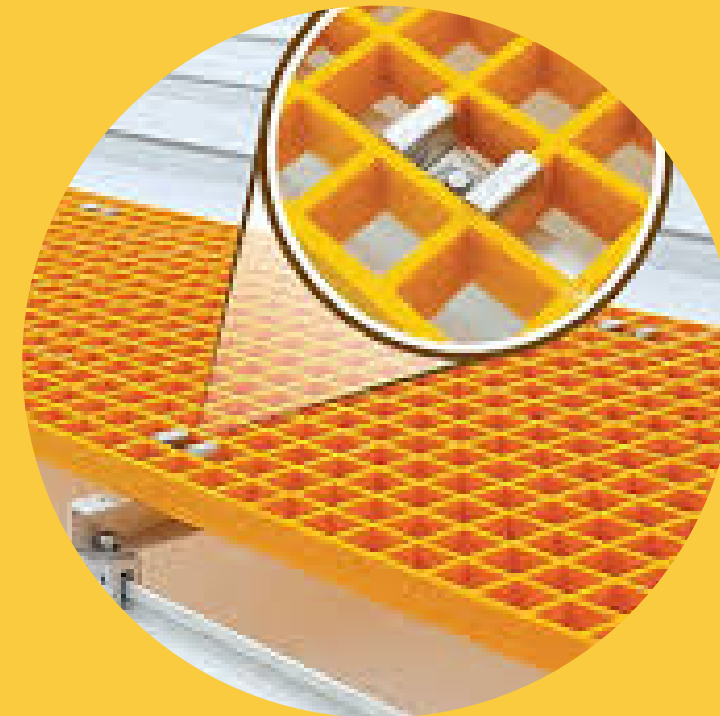

We have been manufacturing high quality Distribution Boxes from our factory in Hyderabad since 2020. Known for their high quality and robustness, we have supplied more than 10,000 distribution boxes over the past 3 years and our ACDBs and DCDBs have been installed across the length and breadth of the country, right from freezing temperatures of Leh to Rajasthan to Tamil Nadu and in the North-Eastern states.

We ensure strict quality checks and only the best components are used for their assembly. The boxes used for the casing are IP68 boxes and they are tested by dropping them from a height of 15 meters and keeping them underwater for more than 2 hours to check for any seepage.

# FRP WALKWAYS

The Chemitech provides unique, designed solutions that enable our clients to benefit from the advantages of Fiber Reinforced Polymer (FRP) composites. This implies that our customers will receive lightweight, best-strength, corrosion-resistant, and long-lasting goods! To provide the finest in composite design and innovative production methods, The Chemitech provides unique, designed solutions that enable our clients to benefit from the advantages of Fiber Reinforced Polymer (FRP) composites. This implies that our customers will receive lightweight, best-strength, corrosion-resistant, and long-lasting goods! To provide the finest in composite design and innovative production methods, chemitech unites the experience of several organisations and brings the final product at your doorsteps. Fibrotech establishes its own skilled team, including engineers, designers, and quality control, to ensure that we can deliver the best standard fibreglass profiles as well as design, counsel, and produce unique products & provide solutions for FRP projects.

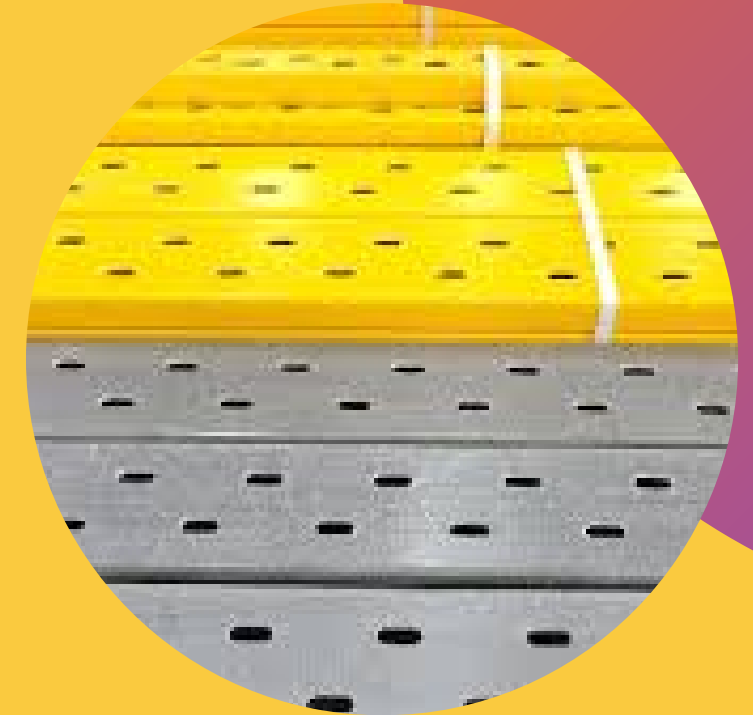

# FRP CABLE TRAY

In compliance with industry standards, our Cable Tray is made from high grade FRP material on a highly sophisticated pultrusion plant. Suitable for those industries where corrosion can cause problems, these trays widely demanded in chemical process applications.

## Features

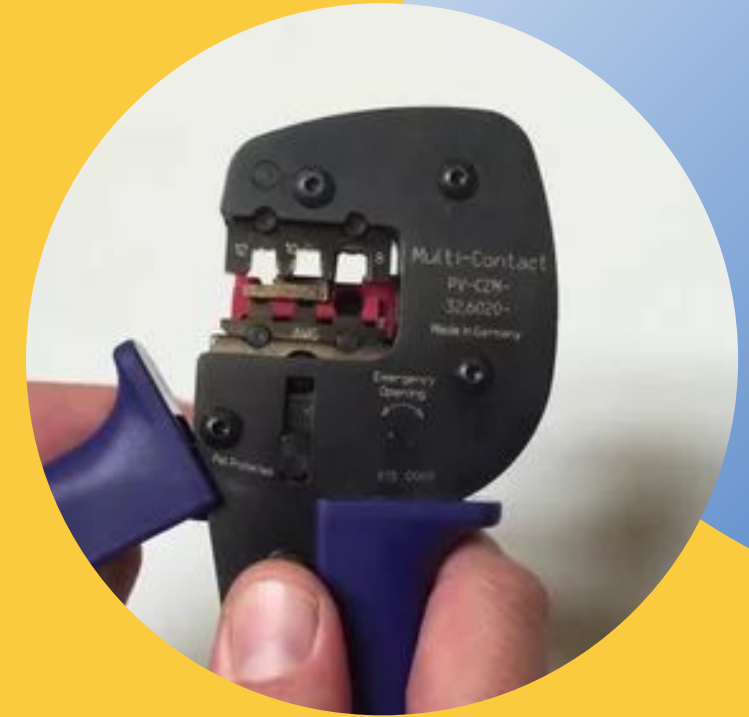

- UV stabilized
- Corrosion resistant
- High load carrying capacity even with long spans
- Durable quality
- Low cost in installation
- Maintenance free
- Eco friendly
- Weather proof
- Light weight
- Sturdy and structurally stable

# MC 4 CONNECTOR

Stäubli is one of the world's leading manufacturer of MC4 connector and is a name to be reckoned with in the solar industry. The MC4 connectors are subjected to the highest testing standards and are trusted with the leading solar developers across the globe.

# LAPP DC CABLES

Solar cables for use in all photovoltaic systems for cabling of the solar modules and as a connection to the AC/DC inverter.

ÖLFLEX® SOLAR XLS-R single core cables are weather, abrasion and UV-resistant.

# POLYTAB DC CABLES

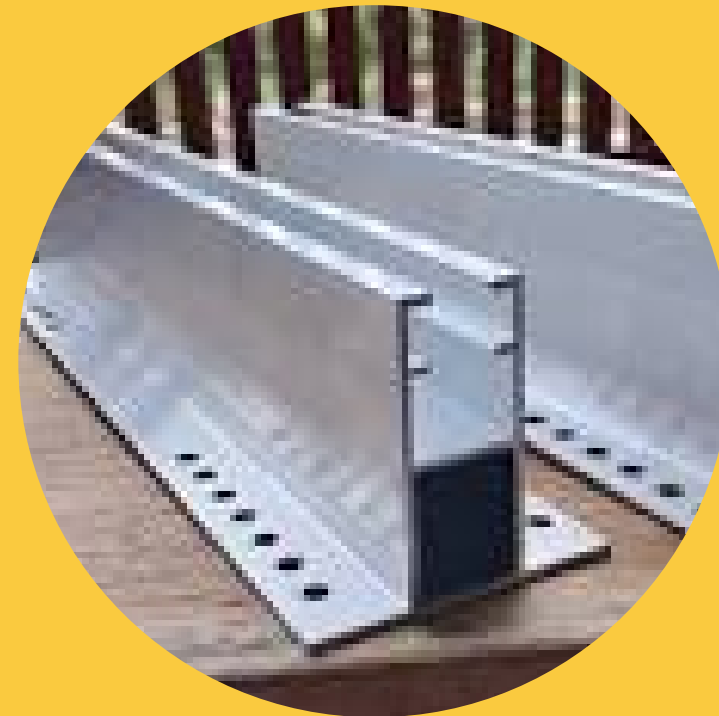

Specially engineered Polycab Solar DC Cable is flame retardant, and hydrolysis resistant. The cable connects electrical components with the solar panels.

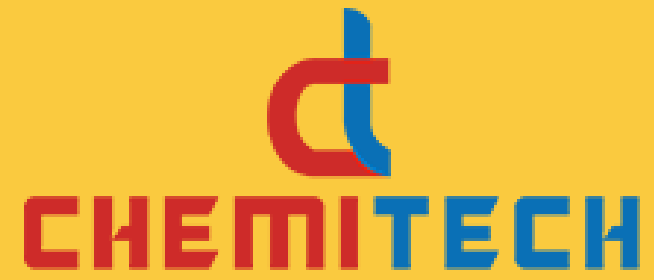

Find here Polycab Solar Cable, Polycab Solar DC Cable dealers, retailers, stores & distributors. Get latest prices, models & wholesale prices for buying.

# ALUMINIUM STRUCTURE

Aluminium Solar Structure: We are one of the trusted names to offer Aluminium Solar Structure for our valued clients. Provided range of product is made from high grade quality raw material.
